If a Club fails to do so it would result in the Companies Office under the Incorporated Act deregistering your Club and removing it.

32. ALTERATIONS TO THESE RULES AND REGULATIONS

The rules and regulations as presented in this HKRFU Club Participation Agreement may be altered at the commencement of each season and prior to the Competition start date by the Rugby Committee, provided that any notice of the proposed alteration, amendment, repeal or addition shall have been given to the CEO of the HKFRU in writing not less than 7 days before the last Rugby Committee meeting before the commencement of the Club season. Should there be a need to amend, alter, repeal or add any of the rules and regulations during the season, the Club must give notice of any proposed request to the CEO of the HKRFU in writing, not less than 7 days before the next Rugby Committee meeting and if in case of urgency the CEO in conjunction with the Executive of the Rugby Committee would determine whether a special meeting needs to be called.

With the approval of the HKRFU Rugby Committee and in consultation with the CEO, the HKRFU Club Participation Agreement may be altered at any time to accommodate for changes to the format of the Club Competition.

APPENDIX A SERIOUS INJURIES

The following guidance is given for the correct compilation and actioning of the NZRU Serious Injury Report form.

Definitions and Club/School Responsibilities

The definitions regarding what constitute a serious injury and who has responsibility for notifying the HKRFU Union Office for applicable serious injury cases is set out below:

What	Who is Responsible	When
Any head or neck injury that requires the player to be transported directly from the ground to an emergency department, hospital or after hour's medical centre.	BOTH the match referee and the team injury official MUST complete and return a form to the HKRFU Union Office.	Within 48 hours of the end of the match.
Any injury that results in the admission of a player into hospital after a game.	The team injury official MUST complete and return a form to the HKRFU Union Office.	Within 48 hours of the team injury official finding out that the player has been admitted to hospital.
Any injury that is expected (doctor's prognosis) to prevent the player from playing for a period of eight weeks or longer.	The team injury official MUST complete and return a form to the HKRFU Union Office.	Within 48 hours of the team official being notified of the doctor's prognosis.

An injury that meets **any** (not all) of the three criteria above requires a Serious Injury Report form to be completed and forwarded to the HKRFU within the prescribed timeframes. Obviously if an injury does not meet **any** of the criteria above, a Serious Injury Report form does not have to be completed.

Unless formally advised otherwise the team injury official ultimately responsible for ensuring that the form is completed is the designated team Coach. The Coach may delegate the task of completing the form to a manager or team medic, but the responsibility for ensuring that the task is completed ultimately rests with the Coach. The rationale for having the designated team Coach as the 'team injury official' is the Coach usually has overall control of the team personnel.

In many instances the Coach is the only official associated with a team (especially below senior rugby level).

Horowhenua-Kapiti Rugby Union Responsibility

Once the Serious Injury Report form has been received by the HKRFU Union Office, the Union Office staff must notify the NZRU and the New Zealand Rugby Foundation of any serious injuries within 24 hours of the report being received. This is done in one of two ways:

1. Details of the injury are entered directly on to the Registration Management database.

2. The Serious Injury Report form is faxed directly to:
Buck Anderson, General Manager – Community & Provincial Union Rugby NZRU (04) 4994995 and Lisa Kingi, Chief Executive, Rugby Foundation of New Zealand Inc, (09) 6237920.
